

Steel from Antwerp to Rhein-Ruhr

with DB Cargo and Haeger & Schmidt

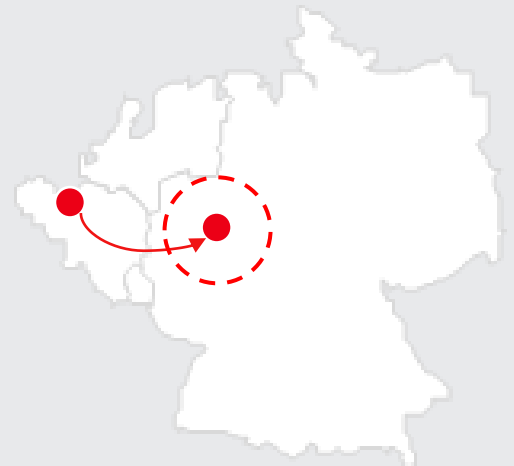

Start
01.02.2021
with left bank
terminals

Your benefits

- Transport of high volumes (up to 750-1,000 tons) in one wagon group with heavy cargo (up to 35 to Coils)
- Highly reliable connection to the Rhein Ruhr Area in the climate friendly single wagon system of DB Cargo
- Flexible departures from Antwerp according to your order
- We tailor the perfect logistics concepts for you:
- Storage concepts: 24 h after Call off directly from the consignee (JIT / JIS)
- Non storage concepts: Max 72 h journey time from port of Antwerp to the final recipient incl. transshipment
